To: Public Media and City Staff

From: Ray Ibarra, Director of Public Works

Date: 6/6/2013

Re: **City Public Works Tree Damage/ Removal and Debris Clean-up**

---

**With the recent storm activity of the last few weeks, the City of Junction City Department of Public Works will be looking to pick-up tree materials and/or debris from these storms through all next week, June 10-14, 2013.**

**It is asked that trees/tree limbs be cut to a maximum of 18" in length and a maximum of 48" in length for branches, bundled and placed along the side of the street for Public Works staff to pick-up.**

**The last day for these items to be picked up from the recent storm activities will be Friday, June 14, 2013.**

**Thank you for your patience during the clean-up.**

**Questions please contact the City of Junction City, Department of Public Works at 238-7142.**
